

Arts Alive SDSU is dedicated to providing opportunities for students, faculty and staff at **San Diego State University** to engage in the arts as an integral part of a comprehensive education that promotes creative research, interdisciplinary collaboration, professional innovation, and person enrichment on campus and in the community. San Diego State University was recently awarded \$37 million by the California State University (CSU) system to rebuild its aging theatre and build a new, more intimate Second Stage venue for the performing arts. These buildings will soon be at the center of an expanded and re-imagined Performing Arts District.
